Colours also available include: White, Silver, Safety Yellow, Signal Red, Black

PaveCoat range also available in clear.
PaveCoat is also available in matt or high gloss nishes upon request.

* TSR refers to the total solar re ectance, a measure of how well the paint will re ect the suns heat.
This measurement only applies to NXT Cool Zone in gloss nish. The TSR will vary slightly for other NXT Cool Zone nishes.

Colours available in gloss as standard in NuFlex, TileFlex, PaveCoat range and NXT Cool Zone.
Flexi-Shield is available in low sheen and matt nishes.
NXT Cool Zone is also available in low sheen upon request, and in the pastel colours overleaf.

Additional colour ranges available for viewing on our website at www.nutechpaint.com.au/colours

Disclaimer: Colours shown are as close as possible to actual Nutech Paint colours within the limitations of print processes.
Please con rm your colour choice with sample pots should colour precision be required. Colour matching service is available.
